Three Key Factors In Determining Your Solar Savings Potential.

SUNPOWER®
Master Dealer

1

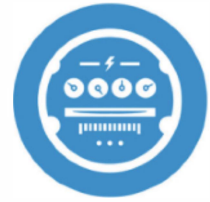

The square footage of your roof + its exposure to the sun

2

Shading
(trees, buildings etc.)

3

Your Annual Electricity Consumption

NYC Solar Incentives

- ✓ **Federal Tax Credit:** 30% Tax Credit
No Maximum | Excess credit can be carried over 5 years
- ✓ **NYS Personal Tax Credit:** 25% Tax Credit (up to \$5,000)*
Excess credit can be carried over 5 years
- ✓ **NYC Property Tax Abatement:** 5% of system cost per year for 4 years (20% total)* | Maximums apply
- ✓ **NYSERDA (New York State Energy Research Development Authority):**
Up to \$200/kW rebate.* | Rebate is paid to installer thereby reducing the cost of the system

No Roof is too difficult for Kamtech Solar

We are roofing experts and are able to install on virtually any roof type.
Including Spanish tile, slate, asphalt, flat roofs, canopies and more.

All of our installations are protected by our 10-year workmanship warranty, providing customers peace of mind.

Need a new roof? Ask how we can provide you with a single quote to restore your roof and provide solar!

Cash Purchase, Financing, and Lease options available!

**Tax credits are not guaranteed and based on personal tax filings. Please consult a tax professional to maximize benefits.*
